Michael Jackson Special Limited Club Edition 3LP Box Set (Sweden)

1988 Extremely Rare Official Swedish box set, released for a limited number of copies only. It contains **Off The Wall, Thriller and Bad LPs plus a 1984 book** of 27 pages by Anabas.

Â

This LP box is part of the highly obscure swedish '**Special Club Edition**' series, which was a series of late 1980s special mail-order-only issues. This series feature extremely rare box sets from U2, Mike Oldfield and a few others. However, this Michael Jackson box seems to be **by far** the rarest.
